*Cohen's Lottery and Exchange-Office.**Hoc signo Fortuna.*

BALTIMORE—THURSDAY, MARCH 15, 1827.

**Continuation of Great Success.**

Agreeably to announcement, the drawing of the **GRAND STATE LOTTERY** of Maryland, No. 10, took place yesterday afternoon—as usual we have the pleasure of announcing the Capital prize from our Office—No. 7881—**TEN THOUSAND DOLLARS**—This fortunate ticket we sold so late as the 1st Inst—having forwarded it by mail to the order of a distant correspondent—as soon as we receive permission we will mention his name and residence. The Official list of the drawing will be found on the opposite page—The holders of all prizes will please hand them in for payment as early as may suit their convenience—of the One Thousand Dollar prizes (5) we sold no less than Four of them! part of them in whole tickets—part in Shares—The 5000 doll. prize came out to No. 27667—it is held in a whole ticket.

The next scheme will be announced in a few days.

**Yesterday's Drawing.**

**THE EVEN NUMBERS.** Adventurers will recollect that although the Capital prize in the Grand State Lottery of Maryland (drawn yesterday afternoon) came out to an *Odd Number*, thereby entitling all the *odd numbers* to Two dollars—it does not follow that all the *Even numbers*, in consequence, are Blanks—such is not the case—for on examination of the list of drawing it will be perceived that many of the even numbers drew prizes, and many of them of considerable importance; for example, 3376 and 4742 drew 1000 dollars—19790, 27008, prizes of 500 dollars each, &c.

The Capital prize of Ten Thousand Dollars drawn in the 3d Virginia State Lottery, on the 24th Jan. last, we are now permitted to mention, is owned by a worthy citizen, resident in *Portsmouth, New-Hampshire*. We forwarded it by mail on the 13th December, to Mr. George Manent of that town.

**Strangers visiting Baltimore** are respectfully informed, that we have but one *Office in the city of Baltimore*, and that one, at No 114, *Market-street*. We mention this in order to prevent mistakes (which we learn are of frequent occurrence) in consequence of the similarity of name (on paper) of another office.—In calling, sending or directing, our friends will please be particular in noticing the above.

A man who calls himself John R. Atkinson has been apprehended for passing counterfeit five dollar notes of the *Marine Bank*. He succeeded in passing seven of them on Friday, in the neighborhood of Howard and Lexington streets.

**Law Intelligence**—We learn from the Philadelphia Palladium, that the case of Chas. L. Smith, vs. Lewis P. Franks, the editor of the "Independent Balance," for a libel published in that paper against Mr. Smith, was tried and determined on Thursday at Nisi Prius, before Judge Duncan.—The jury gave the exemplary verdict of *ten thousand dollars* damages for the Plaintiff, being the whole amount claimed in Plaintiff's declaration.

**The Chess Player**—Mr. Maelzel, proprietor of the Automaton Chess player, announces in the Philadelphia papers, his intention to visit Baltimore in the beginning of the ensuing week.

**RICHMOND, March 7.**  
*Altered Notes.*—Notes of the Farmer's Bank of Virginia, the Mother Bank, on which are the heads of Washington and Jefferson, have been altered from five to fifty dollars. The figures 5 at each end, and the word *five* in the body, have been extracted, and large figures 50 and the word *fifty*, inserted by a stamp and neatly executed. The small eagle between the signatures of the President and Cashier has also been taken out and the figures 5 stamped in its place. The public may guard against imposition by noticing, that neither of the heads above mentioned, are on the borders of the genuine fifty dollar notes of the *Mother Bank*; the borders of which have the denomination at one end and the name of the Bank at the other—*Compiler*.

**Shoes in Lynn, Mass.**—The population of Lynn is over 5,000, nearly all of whom are supported by the shoe business. From 1,200 000 to 1,400,000 pairs of shoes are made annually in the town of an average value of 75 cents per pair, making near \$1,000,000. The females of the town earn more than \$60,000 annually by binding and ornamenting shoes. Millions of low priced fancy shoes have been sent to South America, and sold at a profit.

There is a chocolate manufactory in Lynn, which makes 50 tons of chocolate in a year. The Lynn fishermen at this time bring in 6,000 pounds of fish daily.

**Anecdote of Dr. Franklin.**—The Doctor was walking one day in Front-street, near Chestnut-st in the city of Philadelphia, at the dawn of our Revolution, when he was thus accosted by a Tar:

"Is your name Ben Franklin?" Yes. "Are you the man who invented the saw-dust pudding?" Yes, replied the Doctor. "Then," said the sailor, "for God's sake don't give the receipt to make it to old F \*\*\* \*, our merchant, as he will feed all his crews on it."

The story of the saw-dust pudding *alter dictum*, wheat bran pudding arose in this manner. The Doctor had conducted an Independent paper in Philadelphia, which gave offence to a class who wanted to rule every body in their own way, and the heads of this party, some fifteen or twenty, informed the Doctor that they would frown him down unless he would submit to the curb. The Doctor proposed to explain, and fixed the time at his own house where the gentlemen were invited to dine. He requested his lady to employ two pence in the purchase of a peck of wheat bran, and to make two puddings of it—one for each end of the table, as he was to have fifteen or twenty friends to dine with him.—The company met—the two puddings were served on the table, without any other dishes—the company sat down, and each friend was served with his slice of pudding. Their curiosity led them to try it—they examined each other's countenances, and at length were satisfied with the pudding.—Friends, says the Doctor, will you be helped to more? No, they all replied, we have enough of your pudding. But what means this? Why, replied the Doctor, it means to tell you that these two puddings cost two pence, and fifteen friends say they have enough.—Know then, that as long as Benjamin Franklin can satisfy fifteen friends with two pence, he never will sacrifice the independence of his paper.

**Puns.**—The English papers are lately full of Puns, the larger portion of them, too, of the most despicable kind even of that wretched substitute for wit. The following, however, may pass. "Mr. Kenny, the popular dramatist, the other day in drinking a glass of wine, inadvertently swallowed some small substance which was floating on the surface, which nearly choaked him—a friend seeing his distress, and anxious to proclaim to his com-

panion the sad state of the case, exclaimed, "It is Cork—gone the wrong way." "I don't know whether it is the wrong way to Cork," said a wag who was present, "but it seems to be a very likely way to Kill Kenny."

**COMMERCE OF THE UNITED STATES.**

From the annual report on the Commerce and Navigation of the United States, laid before Congress by the Secretary of the Treasury, it appears that the imports during the year ending on the 30th of September last, have amounted to \$84,974,477; of which amount \$80,778,120 were imported in American vessels, and \$4,196,357, in foreign vessels.

That the exports have during the same period, amounted to \$77,595,322, of which \$53,055,710 were of domestic, and \$24,539,612 of foreign articles. That of the domestic articles \$46,199,528, were exported in American vessels, and \$6,856,182 in foreign vessels; and of the foreign articles \$23,353,988 were exported in American vessels, and \$1,185,624, in foreign vessels. That 942,206 tons of American shipping entered, and 953,012 cleared from the ports of the United States, and that 105,654 tons of foreign shipping entered, and 99,417 cleared during the same period.

The Register of the Treasury states, that the amount of registered tonnage employed in the foreign trade on the 31st of December, 1825, amounted to 700,788 That the enrolled and licensed tonnage amounted to 657,899 That the tonnage of fishing vessels amounted to 64,424

1,423,111 As appears by the annual statement of the District tonnage of the United States, transmitted from this office on the 10th inst

The Register further states that, in conformity to the 1<sup>st</sup> section of the act above referred to, the articles exported have been valued at their actual cost, or the value they bore at the time of their exportation in the several ports from which they were exported, and that the articles imported were valued at their actual cost, or the value which they bore in the foreign port from which they were exported for importation into the United States, at the time of such exportation, free of any subsequent charges whatever.

**UNITED STATES MINT.**

From a report laid before Congress, by the Secretary of the Treasury, it appears—

That of gold coin made at the Mint from the 1<sup>st</sup> of January to the 31<sup>st</sup> of December, 1826, there were 18069 half eagles—7602 quarter do. amounting to 892,245 00

and during the same period were made of silver coin 4,004,180 half dollars, amounting to 2,002,090 00

By statement B, it appears that the amount of cents deposited by the Treasurer of the Mint to the credit of the Treasurer of the United States in the year 1826, is 17,161 00

By statement C, it appears that the value of gold, silver, and copper coins, made at the Mint from the commencement of the institution to the 31<sup>st</sup> of December, 1825, is 25,390,966 96

Total value of gold, silver and copper coin made at the Mint from its commencement to the 31<sup>st</sup> of December, 1826, is \$27,502,462 96

The Numbers above to which no prizes are affixed are prizes of Five Dollars each—those ending with either 1, 3, 5, 7 or 9, being Odd Numbers, are entitled to Two Dollars additional.

All Tickets ending with either 1, 3, 5, 7, or 9, are entitled to Two Dollars each—those ending with 2, 4, 6, 8, or 0, and not to be found amongst the above, are Blanks.

## 7.881, an Odd Number,

Having drawn the Capital Prize of TEN THOUSAND DOLLARS, agreeably to the scheme every Odd Number in the Lottery is entitled to a prize of Two Dollars, and in addition to whatever sum any of them may have drawn besides.

All Tickets with Numbers ending with either 1, 3, 5, 7 or 9, are those entitled to the Two Dollar prizes.

Many Tickets, consequently, have obtained TWO PRIZES EACH!—for example, No. 4655 (see list above) having drawn Twenty Dollars, and being an Odd Number, is entitled to a prize of two dollars also; therefore, No. 4655 will receive Twenty-two Dollars, &c. Again, No. 16,259 (see list above) having drawn a prize of One Hundred Dollars, and being an Odd Number, is entitled also to one of the two dollar prizes; consequently, No. 16,259 will receive One Hundred and Two Dollars, and so on.

J. L. Cohen, Jr. & Brothers.

Great Success as usual at Cohen's Office.
